Sharing Connexion to Support Habitat for Humanity International, Maximizing Gifts of Real Estate for Affordable Housing

Denver, CO (June 11, 2024)– Driven by a shared commitment to advancing affordable housing in communities nationwide, Sharing Connexion, Inc. announced today that it is supporting the mission of Habitat for Humanity International through its real estate donation program.

Sharing Connexion, Inc. – a nonprofit that provides affordable housing organizations and nonprofits nationwide with real estate expertise, funding, and preservation – helps charitable organizations handle valuable, and often complex real estate gifts. By facilitating and maximizing the original donation, Sharing Connexion also generates further value for the nonprofit and affordable housing communities by managing necessary improvements, shifting the financial risk off the nonprofit, supporting them in their development goals, and building resources and capacity to serve their missions. Through donations of real estate, Habitat will be able to further its efforts to help homeowners build a better life for themselves and for their families through safe, decent and affordable housing.

“We are thrilled to be working with Habitat for Humanity International to help create more affordable housing opportunities across the nation,” said Sharing Connexion, Inc. CEO Ed Anderson. “The Sharing Connexion team, Boards, and I have over 1,000 years of real estate experience with a passion for helping expand affordable housing and supporting nonprofits, making this collaboration a natural fit between the organizations that support our mutual visions.”

Habitat for Humanity is a global housing nonprofit organization that works in local communities across all 50 U.S. states, Puerto Rico, and in more than 70 countries to help people build or improve a place they can call home. Since its founding in 1976, Habitat has served more than 59 million people around the world.

###

Formed in 2015, [Sharing Connexion](#) is a nonprofit organization with a mission to provide affordable housing organizations and nonprofits with real estate expertise, funding, and preservation, and this mission is achieved through three primary programs – real estate donations, real estate impact investments, and real estate rescue.
